

## DRIVING DIRECTIONS -- DIA to NOAA (toll-free)

Exit Denver International Airport via **Peña Boulevard**. Take Peña Boulevard to **I-70 Westbound**, split **Right on I-270** (exit 279) and follow across I-25 to **US-36 toward Boulder**. Exit US-36 at **Baseline Road** (University of Colorado Main Campus exit), keep left to turn Left (West) on Baseline through underpass. Turn Left from Baseline onto **27th Way**; stay in Right Lane. Straight ahead into NOAA/Commerce campus, proceed to **Security Checkin** area. Follow map above to parking and DSRC. (Toll road users: exit Peña at E-470 and follow to US-36. Tolls are \$5.25 each way.)

The David Skaggs Research Center (DSRC) entrance

See Insets above and below

### Procedure for Visitors Entering the Site

- All visitors (including NOAA) are required to sign in and get a visitors badge at the Visitors Center Vehicle Checkpoint per Homeland Security requirements.
- All visitors will be required to park next to the Vehicle Checkpoint and enter the Center to be screened and bagged. They will then proceed to the building they are visiting.
- A drop box is installed near the front, east side of Bldg. 1 (NIST) in order for visitors to drop their passes into the box as they are leaving the site. These are our requirements regardless of security threat level. If you have any questions, please contact Keith Turbitt at 303-497-4332.
